SUBJECT: Treasurer's Management Report for January 31, 2004

Attached please find the Treasurer's Management Report for the County of Orange for the month and quarter ended January 31, 2004. The information provided herein, including all charts, tables, graphs and numerical representations, is provided to readers solely as a general overview of the economic and market conditions which the Treasurer utilizes in making investment decisions. In addition, a complete version of this report is also available for download at our website <http://www.oc.ca.gov/treas/>.

TREASURER'S REPORT

In order to assist you in reading this report, please note that the current balances reflect the investments recorded in the portfolios for each particular fund for the period ending January 31. Each money market fund has an average maturity of less than ninety days, with a net asset value (NAV) falling within the range of \$0.9950 and \$1.0050. The extended fund will have an average maturity of up to 549 days and a fluctuating NAV. All investments are marked to the market at the end of the reporting period due to the narrow valuation range prescribed by the Pools' Investment Policy Statement.

The reports reflect the par value (face value), the book value (cost to the County of the investment) and market value (the price of each security at the close of the market on the last trading day of the month). The difference between the market value and book value is the unrealized gain or (loss). The Detail Transaction Report Section is provided in compliance with California Government Code Section 53607, which requires that the Treasurer file such a report with the Board of Supervisors, from whom his investment authority has been delegated.

APPORTIONMENT OF COMMINGLED POOL INTEREST EARNINGS

We have prepared a forecast for the timing of the County Pool's January 2004 interest apportionment. We anticipate posting the January interest apportionment to participants' cash accounts in the County general ledger by approximately February 19, 2004.

CREDIT WATCH NEGATIVE AND APPROVED ELIGIBILITY LIST

In an effort to provide more information on the impacts of position changes by the three major credit rating agencies, we have added new sections to our monthly report. We now provide our list of approved issuers (see Approved Eligibility List - **Section X**) and any that have been removed or added back to the list due to credit rating changes (see Credit Watch Negative – **Section XI**). We hope that this information has been beneficial to those interested in looking a little deeper into our investment management activities.

In this same vein, this month we are adding another section showing the average weighted credit rating of our holdings (see Month-End Weighted-Average Credit Ratings – **Section XII**). This is a management tool that we have been using for several years. It tells us where our average credit risk is and then we determine if we are being adequately compensated for taking this risk.

Here are a few tips on how to read this chart. We score our holdings based on their ratings, with the best rating garnering a 1 (AAA) and the worst garnering a 43 (D). The orange line (13 or an A- rating) designates the lowest credit rating that we are allowed to acquire. The solid red line (19 or a BBB-rating) is the boundary between investment grade and non-investment grade (junk bond) ratings.

As you can see, we can only acquire investments in the top one-third of rated issuers. And we usually swim in the top 7 to 18 percent, on average. This means we have issuers above and below this range, but all of them are first-tier issuers. The overall weighted average credit rating will also reflect the Treasurer's Investment Committee's concerns about the marketplace as a whole. Currently, our portfolios are very conservative as yield spreads are very narrow. That is, we are not being heavily penalized for acquiring the highest rated issuers (the higher the rating, the lower the offered yield).

In the month of January, there was one change to the Treasurer's approved eligibility list: Motiva LLC was placed on Credit Watch Negative and subsequently removed from our eligibility list.

ECONOMIC OBSERVATIONS

The Federal Open Market Committee's (FOMC) most recent meeting was held on January 28. The meeting's outcome reiterated that an improving economic landscape could denote the days of record low interest rates may be numbered.

Just a few of the outstanding economic releases from January include:

- Gross domestic product (GDP) during the fourth quarter of 2003 was reported at a solid 4.0 percent, the ninth consecutive quarter of positive growth.
- The purchasing managers' index reached a 20-year record.
- Consumer confidence is improving substantially.
- Mortgage applications and housing starts hit another record high.
- Vigorous momentum continues in the regional manufacturing sectors.

However, January's tepid employment report disappointed both economists and the financial markets. Uninspiring numbers for two months have left economists "scratching their heads" to explain the lack of jobs as compared to the robust growth apparent in other sectors. Accordingly, the majority of the Treasurer's Investment Committee is expecting interest rates to remain unchanged for a significant period of time.

INTEREST RATE FORECAST

The estimated interest rate for fiscal year 2003-2004 remains at 1.0 percent.

Please call with any questions.

CASH AVAILABILITY PROJECTION
FOR THE SIX MONTHS ENDING July 31, 2004

Government Code Section 53646 (b) (3), effective on January 1, 1996, requires the Treasurer-Tax Collector to include a statement in the investment report, denoting the ability of the Orange County Investment Pool (OCIP) and the Orange County Educational Investment Pool (OCEIP) to meet their expenditure requirements for the next six months.

The OCIP and OCEIP consist of funds in the treasury deposited by various entities required to do so by statute, as well as those entities voluntarily depositing monies in accordance with Government Code Section 53684.

The Treasurer-Tax Collector is required to disburse monies placed in the treasury as directed by the Auditor-Controller and the Department of Education, except for the making of legal investments, to the extent funds are transferred to one or more clearing funds in accordance with Government Code Section 29808.

The Treasurer-Tax Collector, in his projection of cash availability to disburse funds as directed by the Auditor-Controller and the Department of Education, is relying exclusively on historical activity involving deposits and disbursements and future cash flow projections. No representation is made as to an individual depositor's ability to meet their anticipated expenditures with anticipated revenues.

The Cash Availability Projection for the six months ending July 31, 2004, indicates the ability of the pools to meet projected cash flow requirements. However, there will usually be differences between projected and actual results because events and circumstances frequently do not occur as expected and those differences may be material.

Recommendation: Remove name from CP Eligibility List

Rationale: Moody's placed on Credit Watch Negative

Summary:

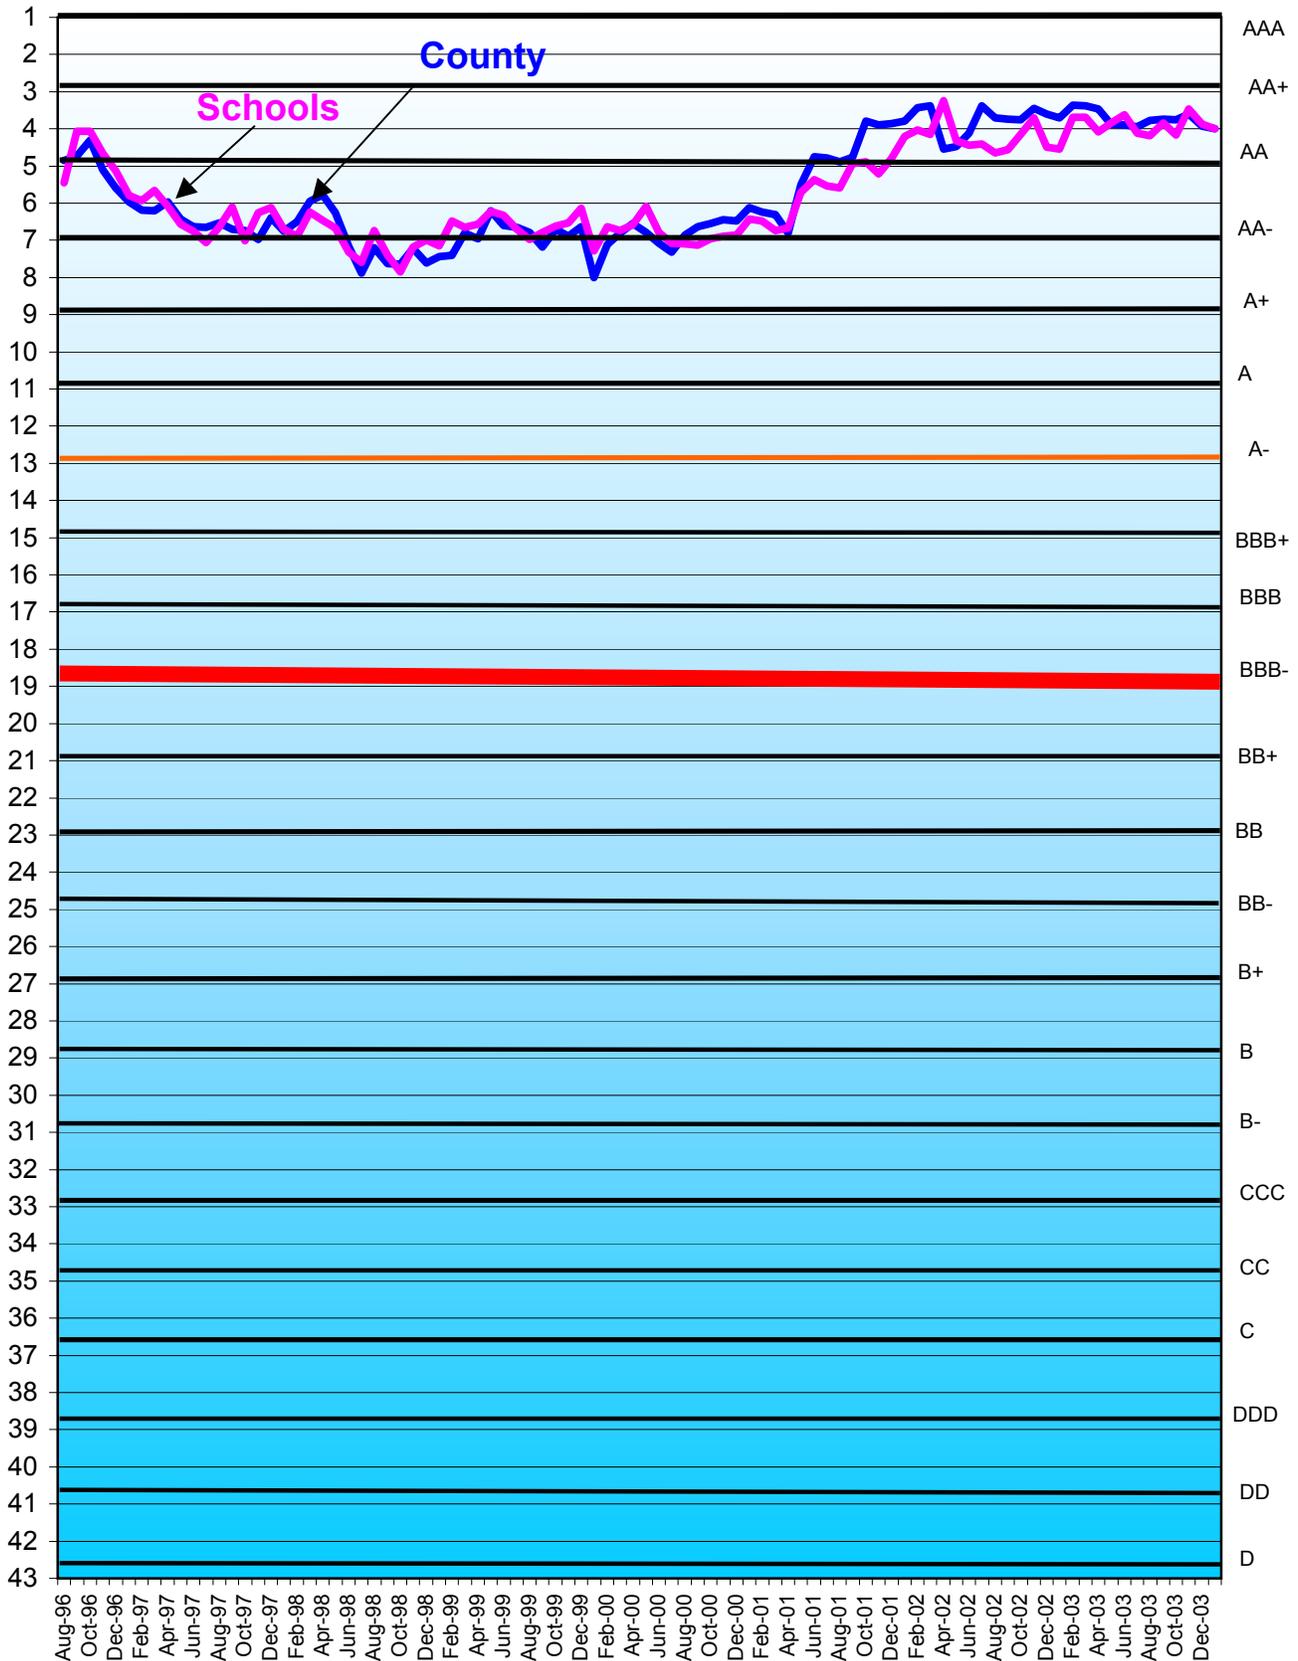

On January 12, 2004, Moody's Investors Service placed the A1 long-term debt and Prime-1 ratings of Motiva Enterprises LLC under review for possible downgrade in response to a review for downgrade of 50% owner Shell Oil Company's and its de-booking of 3.9 billion BOE reserves.

Motiva's rating is sensitive to shareholder management of distributions and controls on discretionary capital spending. There is some pressure on the balance sheet as Motiva's capital needs are increasing to support mandatory clean fuels investments and re-branding of Texaco service stations. In light of this, Moody's will be determining how Motiva may be affected.

INTERNAL AUDITOR'S REPORT
ON AGREED-UPON PROCEDURES FOR PORTFOLIO COMPLIANCE MONITORING
OF THE COUNTY TREASURY FOR QUARTER ENDED SEPTEMBER 30, 2003

John M. W. Moorlach, C.P.A., CFP®
Treasurer-Tax Collector:

We have performed the agreed-upon procedures enumerated below, which were agreed to by the Treasurer for the purpose of assisting in determining whether the County funds managed by the Orange County Treasurer's office, the Money Market Funds (Funds 283, 692 and 694) and the Extended Fund (Fund 699), are in compliance as of that date with certain provisions of the Treasurer's Investment Policy Statement (IPS). This engagement to apply agreed-upon procedures was conducted in accordance with the attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of the procedures is solely the responsibility of Treasurer management. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

We conducted our engagement in accordance with a series of agreed-upon procedures which required that we review, on a test basis, evidence of the portfolio holdings, perform certain mathematical calculations, and review the results with respect to the Treasurer's IPS. In conducting our review, the Internal Audit Department examined the portfolio holdings on the following dates: July 21, August 6, September 18 and September 30, 2003.

The agreed-upon procedures and the associated findings are as follows:

1. We will verify the completeness and accuracy of the portfolio downloads obtained from the Treasurer's office.

Finding:

We found no exceptions as a result of the procedure.

2. We will perform calculations to determine that the portfolio concentrations of the Money Market and Extended Funds have met the diversification limits for investment types and allowable issuer percentages in accordance with Sections V.2 and VI of the Treasurer's IPS.

Finding:

We found no exceptions as a result of the procedure.

3. We will perform calculations to determine that a Net Asset Value (NAV) of approximately \$1 (within a range of .995 – 1.005) was maintained for the Money Market Funds in accordance with Section II.4 of the Treasurer's IPS.

Finding:

We found no exceptions as a result of the procedure.

4. We will perform calculations to determine that a weighted average maturity (WAM) of less than 90 days was maintained for the Money Market Funds and a WAM of less than 18 months was maintained for the Extended Fund in accordance with Section VI.1 of the Treasurer's IPS.

Finding:

We found no exceptions as a result of this procedure.

5. We will select a representative sample of investment purchases made during the quarter from each fund and will independently confirm that the investments conform with authorized investment requirements in accordance with Sections IV, V.3, V.7~V.9, VI.2 and XI of the Treasurer's IPS.

Finding:

We found no exceptions as a result of this procedure.

We were not engaged to and did not perform an audit, the objective of which would be the expression of an opinion on the specified elements, accounts, or items. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the use of the specified users listed above and should not be used by those who have not agreed to the procedures and taken responsibility for the sufficiency of the procedures for their purposes. However, the report will be a matter of public record and its distribution is not limited.
