**Subject:** Treasurer's Investment Report for the Month Ended December 31, 2023

---

The Treasurer's Investment Report for the month ended December 31, 2023, is attached, is online at [octreasurer.com/publicfunds](http://octreasurer.com/publicfunds) and is provided in compliance with California Government Code Sections 53607, 53646 and 27134 and the County's Investment Policy Statement (IPS) approved by the Board of Supervisors on December 20, 2022. This report contains various charts and information for the Orange County Investment Fund (OCIF), defined in the IPS as all monies under the investment authority of the Treasurer. The OCIF consists of Pooled Funds, defined in the IPS as the Orange County Treasurer's Pool (OCTP), Specific Investment Accounts and a Bond Proceeds Account that by law, are called the County Treasury.

### OCIF STATISTICS

The OCIF summary shows the total investment responsibility of the County Treasurer as delegated by the Board of Supervisors. The primary goal is to invest public funds in a manner that will provide for maximum security of principal invested with secondary emphasis on providing adequate liquidity to pool participants and lastly to achieve a market rate of return within the parameters of prudent risk management while conforming to all statutes and resolutions governing the investment of public funds.

This summary includes OCIF statistics such as cost, book value, market value, daily and monthly yields, the weighted average maturity and the net asset value. The report also contains pooled fund information on balances, balance trends, and top participants for the two reporting entities, the Orange County Investment Pool (OCIP) that includes the County's and the Voluntary Participants' funds and the Orange County Educational Investment Pool (OCEIP) that includes all funds of the Educational Districts.

All investments in OCTP, the Specific Investments and Bond Proceeds Account are marked to market daily to calculate their daily fair value. The current market values for Specific Investment Accounts (Pension Prepayment-CEO and Fountain Valley School District) and Bond Proceeds Account (CCCD Series 2017E Bonds) continue to be below book values. Each of these has sufficient liquidity to meet their projected cash flow needs. The maximum maturity of the OCTP is five years, with duration not to exceed 1.5 years. The duration is currently at 0.76 year. To further maintain safety, adherence to an investment strategy of only purchasing top-rated securities and diversification of instrument types and maturities is required. On November 1, 2023, Fitch assigned the OCTP their highest credit rating of AAAs for credit risk and a rating of S1, indicating a very low sensitivity to market risk.

### ECONOMIC UPDATE

The U.S. economy continues to experience employment gains, yet inflation remains above the Federal Open Market Committee's (FOMC) target of 2%. Job gains were 216,000 in December after increasing 173,000 (revised) in November, while November's headline inflation declined to 3.1% year over year, lower than October's 3.2%. As

reported last month, the FOMC held interest rates at a range of 5.25-5.50% on December 13, 2023. The financial market is not pricing a change at the next FOMC meeting on January 31, 2024. Some recent U.S. economic releases include:

- Gross Domestic Product (revised) rose 4.9% (survey: +5.2%) in the third quarter compared to the second quarter's rise of 2.1% (revised).
- The Unemployment Rate remained at 3.7% (survey: 3.8%) in December with no change from 3.7% in November.
- The Empire State Manufacturing Index decreased to -14.5 (survey: 2.0) from the prior month's 9.1 while the Philadelphia Fed Index decreased to -10.5 (survey: -3.0) from -5.9 in November. The Federal Reserve uses these indexes as regional economic gauges with a positive reading signaling economic expansion.

The Treasury yield curve fell yet remained inverted in December. The 90-day Treasury Bill rate decreased to 5.34% from 5.39%. The 2-year Treasury Note decreased to 4.25% from 4.68% while the 10-year Treasury Bond rate decreased to 3.88% from 4.33%.

### **INVESTMENT INTEREST YIELDS AND FORECAST**

The current OCTP gross and net yields for fiscal year 2023-2024 are 4.11% and 4.06%. The daily gross yield for OCTP as of December 31, 2023, is 4.43. The forecasts for the OCTP gross and net yields for the fiscal year 2023/2024 will remain at 4.05% and 4.00%, respectively, with the estimated investment administrative fee at 5.0 basis points.

### **APPORTIONMENT OF COMMINGLED POOL INTEREST EARNINGS**

Monthly, the County Treasurer apportions the accrued interest earnings. As of the first business day of the following month accrued, but unpaid, interest earnings are added to pool participants' average balances in determining a participant's relative share of the pool's monthly earnings. The actual cash distribution for October 2023, November 2023 and December 2023 interest apportionments are expected to be paid in January 2024, February 2024 and March 2024 respectively.

### **TEMPORARY TRANSFERS**

The County Treasurer, as required by Constitution Article XVI, Section 6, and per the Board of Supervisor's Resolution 15-016, is authorized to make temporary transfers to school districts to address their short-term cash flow needs. The loans are secured by tax receipts to be received by the County Treasurer, as the banker for the school districts. There were no temporary transfers outstanding as of December 2023.

### **COMPLIANCE SUMMARY**

The investments in OCIF had no compliance exceptions in the month of December 2023. On December 7, 2023, the Auditor-Controller issued their Review of the Schedule of Assets Held by the County Treasury as of March 31, 2023. The report stated that they were not aware of any material modifications that should be made to the Schedule in order for it to be in accordance with the modified cash basis of accounting.

### **CREDIT UPDATE**

During December, there were no credit rating changes and no changes to the Treasurer's Approved Issuer List. An ongoing credit analysis of all issuers owned occurs on a daily, monthly, quarterly, and annual basis.

I certify that this report includes the OCTP, the Specific Investment Accounts and the Bond Proceeds Account as of December 31, 2023, and is in conformity with all State laws, the IPS and bond indenture agreements. The OCTP herein shown provides adequate liquidity to meet the next six months of projected cash flow requirements. I am available if you have any questions on this Investment Report at (714) 834-7625.

<sup>1</sup> Market values provided by Bloomberg and Northern Trust.

<sup>2</sup> The OCIP End of Month Market Value, End of Month Book Value and Monthly Average Balance are higher than the prior month due to higher property tax receipts in December than November. The OCEIP End of Month Market Value is higher than the prior month and year, the End of Month Book Value is higher than the prior month, and the Monthly Average Balance and Year-To-Date Average Balance are higher than the prior year primarily due to an increase in property assessed values of 6.41% in FY 23-24.

<sup>3</sup> The OCIP and OCEIP Monthly Accrued Earnings are higher than the prior month due to higher average balances. The OCIP and OCEIP Monthly Accrued Earnings, OCTP Monthly Net Yield and Year-To-Date Net Yield are higher than prior year due to higher interest rates with the FOMC raising short-term rates by 3.75% since July 1, 2022, and reinvestment yields that are higher than the current portfolio yield and the maturing securities, respectively.

<sup>4</sup> The OCTP Annual Estimated Gross Yield is higher than the prior year due to continued higher yields from short-term rate increases. The OCTP Annual Estimated Gross Yield for December 2022 is reported at the actual annual gross yields for FY 22-23.

<sup>5</sup> The OCTP WAM is higher than the prior year due to longer term purchases as the FMOC is expected to discontinue rate hikes for the next several months and may begin to lower rates afterwards.

**ORANGE COUNTY TREASURER-TAX COLLECTOR  
CASH AVAILABILITY PROJECTION  
FOR THE SIX MONTHS ENDING JUNE 30, 2024**

Government Code Section 53646 (b) (3), effective on January 1, 1996, requires the Treasurer-Tax Collector to include a statement in the investment report, denoting the ability of the Orange County Treasurer's Pool (OCTP) to meet expenditure requirements for the next six months.

The OCTP consists of funds in the treasury deposited by various entities required to do so by statute, as well as those entities voluntarily depositing monies in accordance with Government Code Section 53684.

The Treasurer-Tax Collector is required to disburse monies placed in the treasury as directed by the Auditor-Controller and the Department of Education, except for the making of legal investments, to the extent funds are transferred to one or more clearing funds in accordance with Government Code Section 29808.

The Treasurer-Tax Collector, in her projection of cash availability to disburse funds as directed by the Auditor-Controller and the Department of Education, is primarily relying on historical trends involving deposits and withdrawals and known future cash flows. No representation is made as to an individual depositor's ability to meet their anticipated expenditures with anticipated revenues.

The Cash Availability Projection for the six months ending June 30, 2024, indicates the ability of the pools to meet projected cash flow requirements. However, there will usually be differences between projected and actual results because events and circumstances frequently do not occur as expected and those differences may be material.

## Review of the Treasurer's Schedule of Assets as of March 31, 2023

Audit Number 2209  
Report Date: December 7, 2023

OFFICE OF THE  
**ORANGE COUNTY AUDITOR-CONTROLLER**

**ANDREW N. HAMILTON, CPA**  
AUDITOR-CONTROLLER

DATE: December 7, 2023

TO: Honorable Board of Supervisors

FROM: Michael Steinhaus, Audit Manager

SUBJECT: Review of the Treasurer's Schedule of Assets as of March 31, 2023

Pursuant to GOV Section 26920(a), we have reviewed the Treasurer's Schedule of Assets (Schedule) as of March 31, 2023, and the related notes to the Schedule. We use the term schedule instead of statement because the Schedule only presents the assets in the County Treasury; it does not present the financial position of the County Treasury. A statement fairly presents financial position in conformity with GAAP (e.g., a statement of net position), and a schedule presents data on legally prescribed basis different from GAAP (e.g., GOV Section 26920). Our report is attached for your review.

We appreciate the assistance extended to us by the personnel of the Treasurer-Tax Collector during this engagement. If you have any questions please contact me at 714-834-6106.

## Independent Accountant's Review Report

We have reviewed the accompanying Orange County Treasurer's Schedule of Assets (Schedule) as of March 31, 2023, and related notes to the Schedule. A review includes primarily applying analytical procedures to management's financial data and making inquiries of management. A review is substantially less in scope than an audit, the objective of which is the expression of an opinion regarding the Schedule as a whole. Accordingly, we do not express such an opinion.

### ***Management's Responsibility for the Schedule***

Management is responsible for the preparation and fair presentation of the Schedule in accordance with the modified cash basis of accounting; this includes determining that the modified cash basis is an acceptable basis for the preparation of the Schedule in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of Schedules that are free from material misstatement, whether due to fraud or error.

### ***Accountant's Responsibility***

Our responsibility is to conduct the review engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the American Institute of Certified Public Accountants. Those standards require us to perform procedures to obtain limited assurance as a basis for reporting whether we are aware of any material modifications that should be made to the Schedule for it to be in accordance with the modified cash basis of accounting. We believe that the results of our procedures provide a reasonable basis for our conclusion.

We are required to be independent of the Orange County Treasurer and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our reviews.

### ***Accountant's Conclusion***

Based on our review, we are not aware of any material modifications that should be made to the Schedule in order for it to be in accordance with the modified cash basis of accounting.

### ***Basis of Accounting***

We draw attention to Note 1 of the Schedule, which describes the basis of accounting. The Schedule is prepared in accordance with the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our conclusion is not modified with respect to this matter.

## Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

### The Financial Reporting Entity

The Orange County Treasurer-Tax Collector (TTC) is responsible for tax collection, banking, investment, disbursement and accountability of public funds. The TTC invests the cash of the Orange County Investment Fund (OCIF), which in State law is called the County Treasury, and defined as all monies under the investment authority of the TTC. The OCIF consists of three types of Funds, pooled funds called the Orange County Treasurer's Pool (OCTP), Specific Investment Accounts and a Bond Proceeds Account that are included in the Schedule of Assets. The OCTP is managed on behalf of the pool participants that include the County, local school and community college districts, who are required by State statute to deposit funds with the TTC, and other non-mandatory local agencies and districts. The OCTP is maintained for the County and other non-County entities for the purpose of benefiting from economies of scale through pooled investment activities. The Specific Investment Accounts are governed by the IPS and the Bond Proceeds Account is governed by a bond indenture and both account types have separate agreements between the County and/or a participant's governing board to invest funds that are set up for a specific requirement and where the investment may extend beyond five years.

The State of California allows the Board of Supervisors (Board) the ability to delegate the investment authority to the TTC in accordance with Section 53607 of the California Government Code (CGC). On an annual basis, the Board delegates the investment authority to the TTC. Pursuant to CGC 27130-27137, the Board has established the Treasury Oversight Committee (TOC) to monitor and review the Investment Policy. The TOC consists of members appointed from the districts or office that they represent and four members of the public, with a majority having expertise or an academic background in public finance.

The OCTP is not registered with the Securities and Exchange Commission as an investment company and does not have any legally binding guarantees of share values. The accompanying Schedule of Assets Held by the County Treasury (Schedule) is intended to separately report cash and investments in the County Treasury as of March 31, 2023.

### Financial Statement Presentation

The Schedule has been prepared using the modified cash basis, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Receipts are recognized when received by the Treasurer and disbursements are recognized when paid by the bank. Investment transactions are recorded on the settlement date, and the value of investments is stated at fair value in accordance with *Governmental Accounting Standards Board (GASB) Statement No. 72, Fair Value Measurement and Application*.

### Cash

As of March 31, 2023, the OCTP maintained accounts at Wells Fargo bank. Demand deposits of public funds at financial institutions that are not covered by the Federal Depository Insurance Corporation (FDIC) are required to be collateralized under CGC Section 53652 et. seq. and the IPS, which also prescribe the amount of collateral at market value that is required to secure these deposits. All such collateral is considered to be held by an agent of depository pursuant to CGC Section 53658. The pledge to secure deposits is administered by the California Department of Financial Protection and Innovation. Obligations pledged to secure deposits must be delivered to an institution other than the institution in which the deposit is made; however, the trust department of the same institution may hold them. Written agreements are required to provide, among other things, that the collateral securities are held separately from the assets of the custodial institution.

Collateral is required for demand deposits at 110% of all deposits not covered by FDIC Obligations of the United States and its agencies, or obligations of the State or its municipalities, school districts, and district corporations are pledged. Collateral of 150% is required if a deposit is secured by first mortgages or first trust deeds upon improved residential real property located in California. FDIC is available for demand deposits and time saving deposits at any one financial institution up to a maximum of \$250.

### Investments

The TTC invests in securities for the OCTP, the Specific Investment Accounts, and the Bond Proceeds Account. Investments are recorded at the settlement date. Investments held by the TTC are exposed to risks such as interest rate risk, credit risk, concentration of credit risk and custodial credit risk.

### Interest Rate Risk

This is the risk that changes in interest rates will adversely affect the fair value of an investment. Generally, fixed income investments of longer maturities are more sensitive to changes in market interest rates. Declines in the fair value of investments are managed by limiting the length of the maturity of the securities and providing daily and ongoing liquidity in the portfolio. The Treasurer manages its exposure to interest rate risk by carefully matching incoming cash flows and maturing investments to meet expenditures and by maintaining a duration of 1.50 years or less. The duration of OCTP at March 31, 2023 is 0.53 year.

### Credit Risk

This is the risk that an issuer or other counterparty to an investment may not fulfill its obligations or that negative perceptions of the issuer's ability to make these payments will cause the price to decline. The County is not required to disclose the credit of obligations of the U.S. government or obligations explicitly guaranteed, which as of March 31, 2023 represents 20.87% of OCTP. All U.S. Government Agencies, Money Market Mutual Funds and LAIF represent 63.04%, 14.66% and 0.51% of OCTP and have a rating of AA, AA+ and Non-rated respectively. The Specific Investment Accounts are 95.60% in U.S. Treasuries and 4.40% in U.S. Government Agencies. The Bond Proceeds Account is 16.14% in U.S. Treasuries, 81.63% in U.S. Government Agencies and 2.23% in Money Market Mutual Funds.

### Concentration of Credit Risk

This is the risk of loss attributed to the magnitude of a government's investment in a single issuer. As of March 31, 2023, all OCIF investments were in compliance with applicable state law, bond indentures and/or the IPS single issuer limits.

### Custodial Credit Risk

For an investment, custodial credit risk is the risk that in the event of the failure of the counterparty, the County will not be able to recover the value of its investments or collateral securities that are in possession of an outside party. The IPS does not permit investments in uninsured and unregistered securities not held by the County. The Treasurer utilizes third party Delivery Versus Payment which mitigates any custodial credit risk. Securities purchased by the Treasurer are held by third party custodians in their trust department to mitigate custodial credit risk. At year-end, in accordance with the IPS, the OCIF did not have any securities exposed to custodial credit risk, and the Treasurer did not have any securities lending at March 31, 2023.

### Investment Strategy

The TTC's investment strategy for the OCTP is to preserve principal, provide liquidity to meet the disbursements needs and generate a yield within the parameters of prudent risk management. The cash flow needs of the OCTP participants are monitored daily to ensure that sufficient liquidity is maintained to meet the needs of participants. The TTC's basic investment strategy is to buy and hold, to a designated maturity, high quality fixed income investments.

The Specific Investments Accounts are used to account for the schedule of assets for individual investment accounts. The individual investment strategies are customized to the needs of the requesting participants.

The Bond Proceeds Account is invested according to the bond indenture and are used to account for the schedule of assets for an Educational District and is customized to the needs of the District.

The investments in the accompanying Schedule are reported at fair value. The table below summarizes the investments stated at fair value for OCTP, Specific Investment and the Bond Proceeds Accounts as of March 31, 2023:

	<u>Orange County Treasurer's Pool</u>	<u>Specific Investment Accounts</u>	<u>Bond Proceeds Account</u>
